

BUAD 4900 Semester Schedule

Seventeen Weeks, Day 1 and Day 2

Spring 2026

How Day 1 works. Every week, Day 1 is the standing job meeting: report on lab work from the previous week, flag any blockers, and plan for the coming week. In the table below this is shortened to *Team Sync*. The Team Sync itself counts toward the five required weekly lab hours, it is not extra time on top of them. A few weeks break from that pattern: Week 1, since there is no prior week yet to report on, Week 15, which is Thanksgiving Holiday with no class, Week 16, which closes with a retrospective instead of a forward-looking plan, and Week 17, finals week, which has no regular meeting at all.

How Day 2 works. Day 2 carries the actual content for the week, discussions, video and reading assignments, lab-based prep, and the five formal practice interviews. Day 2 is classwork, separate from the five weekly lab hours, not a way to earn additional lab time. Interviews and discussions happen on Day 2 so that Day 1 can stay a short, consistent meeting across the semester.

Where things live. This schedule is the hub for four other documents: the *Interview Prep Resource Guide* (videos and articles by phase), the *Career Development Workbook* (competencies, resume, LinkedIn, relocation), the *Interview Prep Workbook* (STAR bank, technical checklist, interview reflections), and the *Weekly Lab Log* (weekly report, video reflections). The instructor and grad assistant additionally use the *Instructor and Grad Assistant Toolkit* for feedback forms, discussion guides, and tracking.

1 Full Schedule

Table 1: Seventeen week schedule: Day 1, Day 2, and deliverables.

Wk	Day 1	Day 2	Deliverables
1	Syllabus & intros	Welcome, syllabus walkthrough, lab safety and logistics, meet the grad assistant and lab peers	Class introductions, syllabus response statement
2	Team Sync	Career Competencies discussion, a full session on its own	Career competencies pre-test (Career Development Workbook)
3	Team Sync	Resume and LinkedIn discussion	Baseline resume and LinkedIn profile started; Phase 1 video reflection
4	Team Sync	Behavioral prep: Phase 2 video 1, start the STAR story bank	Video and resource reflection log
5	Team Sync	Formal behavioral practice interview 1	Instructor feedback notes, self-reflection
6	Team Sync	Debrief interview 1, Phase 2 video 2, revise STAR stories	Video and resource reflection log
7	Team Sync	Formal behavioral practice interview 2	Feedback notes, reflection vs. interview 1

Wk	Day 1	Day 2	Deliverables
8	Team Sync	Behavioral wrap-up: update resume and LinkedIn with real lab work. Fall Break, no deliverable due this week	None due this week (Fall Break)
9	Team Sync	Buffer week; kick off the informational interview	Updated resume and LinkedIn (from Week 8); informational interview assigned, via the LinkedIn networking goal
10	Team Sync	Technical prep: Phase 3 video 1, narrate own lab code out loud	Video and resource reflection log
11	Team Sync	Formal technical practice interview 1, grad assistant runs the technical questions	Feedback notes, self-reflection
12	Team Sync	Debrief interview 1, Phase 3 video 2, paired coding with the grad assistant	Video and resource reflection log; informational interview due
13	Team Sync	Formal technical practice interview 2	Feedback notes, reflection vs. interview 1
14	Team Sync	Relocation Plan discussion, its own dedicated session	Relocation plan research underway (Career Development Workbook)
15	<i>Thanksgiving Holiday. No class.</i>		
16	Retrospective	Rewatch the Phase 1 video, then the formal combined final interview, full panel	Final interview feedback notes, reflection; relocation plan capture sheet due, submitted, not presented
17	<i>Finals Week. Career competencies post-test, completed in class. No regular Day 1 or Day 2.</i>		

2 Interview and Discussion Calendar at a Glance

Table 2: Interview and discussion calendar at a glance.

Wk	Event	Notes
2	Career Competencies discussion	Pre-test completed same day
3	Resume and LinkedIn discussion	Both covered in one session
5	Behavioral practice interview 1	Instructor led, peer observed
7	Behavioral practice interview 2	Instructor led, peer observed
9	Resume and LinkedIn update due	Moved from Week 8 due to Fall Break
9	Informational interview assigned	Due Week 12
11	Technical practice interview 1	Grad assistant led, instructor monitored, peer observed
12	Informational interview due	

Wk	Event	Notes
13	Technical practice interview 2	Grad assistant led, instructor monitored, peer observed
14	Relocation Plan discussion	
15	Thanksgiving Holiday	No class
16	Combined final interview	Full panel: instructor, grad assistant, peer observer
16	Relocation plan capture sheet due	Submitted, not presented
17	Career Competencies post-test	Finals week, completed in class, same file as the Week 2 pre-test
